Trademark SeaCell™

We are pleased to welcome you as new SeaCell™ partner. We gladly allow you to label your products with SeaCell™ - hangtags and to use SeaCell™ logos provided that you agree to the following:

1. From the date of this letter, you may use smart SeaCell™ - hangtags, which will be provided from smartfiber AG free of charge.

If you do not use standard hangtags and you should deviate from standard wording in the preparation of your own SeaCell™ information material and hangtags, you shall do this in your own responsibility.

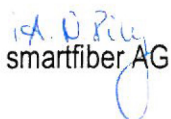

The information material and standard wording for the hangtag (together „wording“) has been drawn up to cover potential implications of German law. If you use the wording in different jurisdictions, you should check against the applicable law.

2. We reserve the right to take samples from the market to verify that the product, which is labeled with the trademark SeaCell™, actually contains SeaCell™. Should a product be identified, which does not contain such material in spite of labeling, we also reserve the right of revoking the right to use the trademark SeaCell™.

We are looking forward to a successful and long-lasting partnership.

Yours sincerely

In agreement to the above:

smartfiber AG
