Trademark smartcel™ sensitive

We gladly allow you to label your products with smartcel™ sensitive - hangtags and to use smartcel™ sensitive logos provided that you agree to the following:

1. From the date of this letter, you may use smartcel™ sensitive - hangtags, which will be provided from smartfiber AG free of charge.

If you do not use standard hangtags and you should deviate from standard wording in the preparation of your own smartcel™ sensitive - information material and hangtags, you shall do this in your own responsibility.

The information material and standard wording for the hangtag (together „wording“) has been drawn up to cover potential implications of German law. If you use the wording in different jurisdictions, you should check against the applicable law.

2. We reserve the right to take samples from the market to verify that the product, which is labeled with the trademark smartcel™ sensitive, actually contains smartcel™ sensitive. Should a product be identified, which does not contain such material in spite of labeling, we also reserve the right of revoking the right to use the trademark smartcel™ sensitive.

We are looking forward to a successful and long-lasting partnership.

Yours sincerely

In agreement to the above:

smartfiber AG
